Tuesday

My dear Mr. Fox

I have as you will know on many occasions been called to the Mint in accidental injuries and emer=
=gencies at other times.

now and then your injured people have been brought to my office for

RG104 E-1 Box 150

surgical assistance; I have
always been glad to be of
service, although a considerable
interruption to regular work, &
not at all in a business way
desirable. But apart from
this when service has been given
I am unwilling to have any
description as to who is responsible
for the fragment of ~~such~~ work —
as lately has occurred —

RG104 E-1 Box 150

I beg that you will inform me if the Mint is responsible for services rendered in an emergency, and if not I shall decline to respond to any call, and you must bear the responsibility which may arise from such action on my part.

I am very truly yours

Herman L. Norton

[Abstract:] Relative to payment of bills for services rendered to Mint Employees.

Dr. Morton
Philadelphia.

Tuesday

My dear Mr. Fox

I have as you will know on many occasions been called to the Mint in accidental injuries and emergencies at other times – now and then your injured people have been brought to my office for surgical assistance; I have always been glad to be of service, although a considerable interruption to regular work, & not at all in a business way desirable. But about from this when service has been given I am unwilling to have any description as to who is responsible for the payment of such work. As lately has occurred –

I beg that you will inform me if the Mint is responsible for services rendered in an emergency, and if not I shall decline to respond to any call, and you must bear the responsibility which may arise from such action on my part.

I am requesting your favor,
Thomas L. Morton
